

# NORDPLUS INTENSIVE COURSE

12.-23.08.2024

## SUSTAINABLE MINDSET IN ENTREPRENEURSHIP

### What students are saying about the course..

Overall it was a great experience. I was interested in exploring a new place and meeting people with different experiences. The location of the university was excellent and allowed to explore the city center and nearby towns.

The course was well structured and the information was easy to understand and learn, I will definitely join similar courses in the future and recommend this experience to everyone!

I really enjoyed the course, it was great to meet new people from different parts of the world, to come together and learn using problem-solving methods to create an innovative solution. I liked the practical and group work the best!

One word - excellent!

In the summer of 2024, four partner universities from the Baltic Sea region organized the NORDPLUS Intensive Course on Sustainable Mindset in Entrepreneurship. This course provided an intensive learning experience, equipping students with deep knowledge in the field.
